

# YIELD MAX<sup>TM</sup> 18-20-20

## WATER SOLUBLE FERTILIZER

### SPECIFICATIONS

Analysis:	Nitrogen [N].....	18.00%
	Ammoniacal Nitrogen .....	4%
	Nitrate Nitrogen .....	5%
	Urea Nitrogen .....	9%
	Available Phosphate [P2O5].....	20.00%
	Soluble Potash [K2O].....	20.00%
	Boron [B] [Actual] .....	0.0800%
	Copper [Cu] [.15% chelated copper] .....	0.1500%
	Iron [Fe] [.15% chelated iron].....	0.1000%
	Manganese [Mn] [.10% chelated] .....	0.1000%
	Molybdenum [Mo].....	0.0005%
Zinc [Zn] [.10% chelated Zinc] .....	0.1000%	
Derived From:	Ammonium Phosphate, Potassium Nitrate, Urea, Ammonium Sulfate, Sodium Borate, Copper EDTA, Iron EDTA, Manganese EDTA, Zinc EDTA, and Sodium Molybdate. Chelating agent is Ethylenediamine Tetra-Acetate [EDTA].	
Physical Appearance:	Light bluish green crystal	

### PACKAGING

25 Kg Bags - 40 Bags/Pallet

### AGRONOMIC CONSIDERATIONS

YIELD MAX is a foliar feed product and should be applied to green growing leaves. Can be applied alone, with pesticides, or with other fertilizers. YIELD MAX may be applied via ground sprayers (high-volume or low-volume), aircraft or fertigation systems.

## YIELD MAX™ 18-20-20..... CONTINUED

### GENERAL RECOMMENDATIONS

Use rates vary from 2lbs to 5lbs/acre, depending on level of nutrient deficiency.

### MANUFACTURING CONSIDERATIONS

For foliar application in all crops and can be applied in combination with all crop protection products.

### YIELD MAX™ 18-20-20 Rates

[18-20-20 plus Copper, Boron, Zinc, Manganese, Iron & Molybdenum]

#### FOLIAR

Rate	Product per acre (lbs.)	Acres per Bag
Regular Rate	5	11
Pea Rate	2.75	20

### YIELD MAX™ Compatibility

**YIELD MAX™ LIQUID** is compatible with all crop protection products. Add Yield Max™ Liquid to water first. Follow mixing and application instructions for the crop protection product you are using.

**YIELD MAX™** water soluble fertilizer is completely compatible with all crop protection products. Yield Max™ water soluble fertilizer needs to be added to the water and dissolved before adding crop protection products to the water. Follow mixing and application instructions for the crop protection product you are using. When using Yield Max™ water soluble fertilizer in conjunction with Liberty™ constant agitation is required until application is complete or add 1 Litre of Nexus Mix-All for 800 gallons of water. Add Nexus Mix-All after Yield Max™ and prior to Liberty™.
