

YIELD MAX™ 18-20-20

WATER SOLUBLE FERTILIZER

SPECIFICATIONS

Analysis:	Nitrogen [N].....	18.00%
	Ammoniacal Nitrogen	4%
	Nitrate Nitrogen	5%
	Urea Nitrogen	9%
	Available Phosphate [P2O5].....	20.00%
	Soluble Potash [K2O].....	20.00%
	Boron [B] [Actual]	0.0800%
	Copper [Cu] [.15% chelated copper]	0.1500%
	Iron [Fe] [.15% chelated iron]	0.1000%
	Manganese [Mn] [.10% chelated]	0.1000%
	Molybdenum [Mo].....	0.0005%
	Zinc [Zn] [.10% chelated Zinc]	0.1000%
Derived From:	Ammonium Phosphate, Potassium Nitrate, Urea, Ammonium Sulfate, Sodium Borate, Copper EDTA, Iron EDTA, Manganese EDTA, Zinc EDTA, and Sodium Molybdate. Chelating agent is Ethylenediamine Tetra-Acetate [EDTA].	
Physical Appearance:	Light bluish green crystal	

PACKAGING

25 Kg Bags - 40 Bags/Pallet

AGRONOMIC CONSIDERATIONS

YIELD MAX is a foliar feed product and should be applied to green growing leaves. Can be applied alone, with pesticides, or with other fertilizers. YIELD MAX may be applied via ground sprayers [high-volume or low-volume], aircraft or fertigation systems.

GENERAL RECOMMENDATIONS

Use rates vary from 2lbs to 5lbs/acre, depending on level of nutrient deficiency.

MANUFACTURING CONSIDERATIONS

For foliar application in all crops and can be applied in combination with all crop protection products.

YIELD MAXTM 18-20-20 Rates

[18-20-20 plus Copper, Boron, Zinc, Manganese, Iron & Molybdenum]

FOLIAR

Rate	Product per acre (lbs.)	Acres per Bag
Regular Rate	5	11
Pea Rate	2.75	20
VIPER TM Rate	3.33	16.5

VIPERTM is a trademark of BASF

YIELD MAXTM Compatibility

YIELD MAXTM LIQUID is compatible with all crop protection products. Add Yield MaxTM Liquid to water first. Follow mixing and application instructions for the crop protection product you are using.

YIELD MAXTM water soluble fertilizer is completely compatible with all crop protection products. Yield MaxTM water soluble fertilizer needs to be added to the water and dissolved before adding crop protection products to the water. Follow mixing and application instructions for the crop protection product you are using. When using Yield MaxTM water soluble fertilizer in conjunction with LibertyTM constant agitation is required until application is complete or add 1 Litre of Nexus Mix-All for 800 gallons of water. Add Nexus Mix-All after Yield MaxTM and prior to LibertyTM.
