

NEXUS LIQUID BORON 10%

SPECIFICATIONS

Analysis: Boron [B] [Actual]10%
 Physical Appearance: Clear Solution

PACKAGING

2 x 10 Litre Case or 1,000 Litre Shuttles

AGRONOMIC CONSIDERATIONS

Nexus Boron 10% is an effective, readily available source of boron for soil and foliar applications for plants. Nexus Boron 10% is compatible and may be applied in water or mixed with most liquid fertilizers, micronutrients, or crop protection products.

GENERAL RECOMMENDATIONS

Use rates vary from 0.5Litres to 1 Litre/acre, depending on boron deficiency.

MANUFACTURING CONSIDERATIONS

For foliar application a rate of 0.5Litres/acre is generally adequate.
